Hospitality

Situation > Oak Tree Country Club, located just outside Oklahoma City in Edmond, provides a serene setting where members can spend quality time with friends and family and enjoy 36 holes of championship golf, tennis, swimming, family activities and more. ClubCorp, the clubs owner decided it was time to perform a overhaul of this property.

Action > T&G was tasked with performing a renovation of an existing pro-shop, dining areas, bar and lounge spaces. All new equipment was installed into the bar and a new exterior ground-up steel deck was constructed.

Results > T&G completed the project on-time and with-in budget and continues our solid relationship with this client. We have worked on and completed projects at over 10 of this firm's properties.
